

# GOVERNMENT CAPABILITIES

## ➤ About

Taranet Inc, a cybersecurity service firm based in San Diego, California, was founded in 2007.

Taranet supports commercial, DoD and intelligence community clients both in San Diego and the greater Washington DC area.

Collectively, the Taranet team comes from a wide variety of backgrounds encompassing software engineering, security architecture, software development, training, sales and marketing, process management, and IT security certification. Taranet holds its employees in high regard and strives to empower them to pursue a balanced lifestyle.

Taranet is an active participant in the National Industrial Security Program (NISP) and is veteran-owned, minority-owned, and a certified small business.

**TARANET IS AN ACTIVE PARTICIPANT IN THE NATIONAL  
INDUSTRIAL SECURITY PROGRAM (NISIP)**

*"I was highly impressed with Taranet's ability to  
beat a deadline and do it in style."*

~ Manager, Threat Management Services, Mandiant

*"In a major rework of the security C&A process for  
our networks ... Taranet's foresight and innovative  
approach was by far the most effective."*

~ Chief, Cyber Security Division, USMC

*"Taranet manages the 'big picture' effectively  
without losing sight of the need to work the fringe  
of a process of project to ensure that the  
customer's needs are being met."*

~ Senior IA/Network Engineer, Booz Allen Hamilton
